1.0 Introduction

The County Government of Lamu has set aside funds for the financial year 2016/2017 for planning and survey of Sinambio trading centre in Lamu West Sub-county.

The main objective of the project is to enhance security of tenure through formalization of claims on public land.

In order to achieve this, the County Government intends to procure consultancy services for planning and cadastral survey of the mentioned area.

2.0 Planning and Survey of Sinambio trading Centre

The scope of services **SHALL** require the consultant to:

- I. Include and facilitate technical officers from the National/County Ministry of Land and National Land Commission to undertake reservation of land, stakeholder sensitization, identification of beneficiaries, dispute resolutions and project supervision.
- II. Prepare a comprehensive Advisory Plan for the Centre.
- III. Undertake a survey data search of all existing surveys in and around the project areas.
- IV. Identify and recover existing survey control points in and around the project areas suitable for use as datum points for establishment of controls for the projects.
- V. Establish survey control points and undertake the controls survey sufficient to place block corner beacons in the whole project area(s).
- VI. Establish and survey block corner beacons to delineate all roads.
- VII. survey and Beacon all plots, show the beacons to beneficiaries and issue beacon certificates where applicable.
- VIII. Compile the resulting survey data, field notes, computations, survey plans, list of beneficiaries and submit them to the relevant authorities for approval. The consultant will be expected to follow up the approvals.
- IX. Follow up preparation and approval of Deed Plans /RIMs in liaison with County Surveyor.**
- X. The projects are expected to be completed as shown in the implementation plan.

The County Government of Lamu invites eligible consultants, who must be firms of Licensed Land Surveyors and Planners, to indicate their interest in providing the services.

3.0 Methodology

The process of undertaking planning and survey of the trading centre should be guided by the following:-

- I. Existing legal framework
- II. Benchmarking for best practices
